

## **WORKSHOP ON AN INTRODUCTION TO MICROFOSSILS**

Leader: Dr. Adrian Rundle

Saturday 21st February, 2015.

There will be a short talk in the morning as an introduction to microfossils with the use of booklets and prepared microscope slides. This will include details of what they are, some of the more important groups and how to find and study them. In the afternoon there will be a chance to look at some literature, process samples and make your own slide to take away with you., Meet at 10.30 a.m. at the leader's house, 55 Dancer Road, Richmond, Surrey, TW9 4LB (map reference TQ 191759).

Equipment: If you have a suitable binocular microscope (about x20 to x40) please bring it along together with its light source. Salad and fruit salad provided, plenty of tea and coffee is available.

It is essential to register with Adrian (telephone 0208 878 6645) for the workshop as numbers must be limited to twelve.

AJR 31-12-2014.

## **GENERAL WORKSHOP ON MICROFOSSILS AND SHELL SANDS**

Leader: Dr. Adrian Rundle

Sunday 22nd February, 2015.

This workshop has been arranged so that participants have a chance to do whatever most takes their fancy. This can either be sample processing, making microscope slides from microfossil samples or shell sands (you can bring your own for this if you wish) or a chance to look at some prepared slides or literature. It is planned to be totally informal.

Meet at 10.30 a.m. at the leader's house, 55 Dancer Road, Richmond, Surrey, TW9 4LB (map reference TQ 191759).

Equipment: If you have a suitable binocular microscope (about x20 to x40) please bring it along together with its light source. Salad and fruit salad provided, plenty of tea and coffee is available.

It is essential to register with Adrian (telephone 0208 878 6645) for the workshop as numbers must be limited to twelve.
